Far more than you could imagine...

COMMERCIAL

INCREASE PROFIT with the Automated Power Activation System (PAS)

- PAS is our new proprietary technology that allows you to automate sales and use of the Solo FitBomb. PAS activates power to the unit using a pre-paid card. Members purchase and load one or multiple activations.
- All activity is automated, logged into a computerized system; documenting each activation, by whom and when.
- Pre sell or send out sample PAS cards to many local businesses; chiropractors, therapy centers, spas and other synergistic facilities or even consumers.
- Send cards as gifts and it's a near guarantee that they will get used. This means potential massive traffic to your facility.

CHANNELS

Thousands of locations exist throughout the US and internationally which have the need for an all-inclusive health, fitness and therapy center in their facility.

- n Gyms – Health Clubs
